| APPLICATION OF JESSAMINE-SOUTH |) | |
| ELKHORN WATER DISTRICT FOR APPROVAL |) | CASE NO. |
| OF A SYSTEM DEVELOPMENT CHARGE |) | 2006-00156 |
| PURSUANT TO 807 KAR 5:090 |) | |

ORDER

On April 13, 2006, Jessamine-South Elkhorn Water District (“Jessamine District”) tendered its application seeking Commission approval for the establishment of a system development charge in the amount of \$2,000 for each new 5/8 x 3/4 inch connection and \$4,000 for each new 2 inch connection in its Northwest Service Area.

On April 21, 2006, the Commission, through its Filings Division, advised Jessamine District that its application was deficient and requested that these deficiencies be cured no later than May 8, 2006. When no response to our April 21 letter was received, the Commission notified Jessamine District that its response was past due and requested that the necessary information be filed within 15 days of the date of the letter, or June 23, 2006. On July 19, 2006, Jessamine District requested an extension of time until November 1, 2006 in which to submit the deficiencies noted in our letter of April 21, 2006.

After considering the request for extension of time and being otherwise sufficiently advised, the Commission finds that the request should be denied. When the necessary information is available for the Commission’s review, Jessamine District may refile for Commission approval.

IT IS THEREFORE ORDERED that this case is dismissed without prejudice to a future application for approval of a system development charge.

Done at Frankfort, Kentucky, this 28th day of July, 2006.

By the Commission

ATTEST:

Executive Director
